

## Instructions for Accessing Student Report Cards

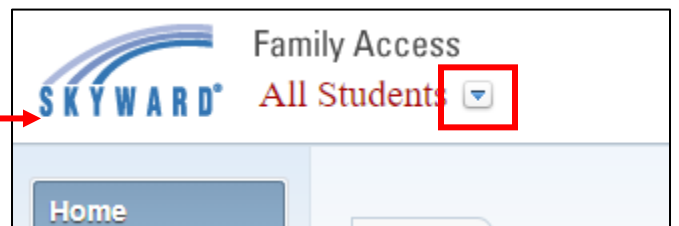

Click “Skyward Family Access” in the dropdown under “For Families” on the NKSD Website: [www.nkschools.org](http://www.nkschools.org), or go directly to the Skyward page at <http://family.northkitsap.wa-k12.net>

Login to the Skyward Family access system. Guardians have received a username and password previously. You may reset your password using your email address that is on file.

Select the child’s name if there is more than one student in your family.

Near the bottom of the menu on the left side of the screen is the link to all report cards for this student. Report cards will appear on this page following each academic term (trimester).
