Re: Budget Authorization for decking and roof repairs, North Kitsap High School Aux-Gym

**Consent Agenda:**

Request budget authorization to use maintenance funding to address the repair of the NKHS Aux-Gym roof deck/overhang.

Many areas of the aux-gym roof overhang are rotten and in need of repair. Inspections indicate the damage is limited to the exterior overhang on two sides, not in the gym itself. This proposal addresses the decking damage and subsequent roof repairs needed to complete the job.

**Proposal, plus sales tax:**

Weatherproofing Technologies Inc.: \$37,760.39

*Contract Background:* King County Directors Association (KCDA) is a purchasing cooperative, owned by Washington's public school districts. Through KCDA, Weatherproofing Technologies, Inc. is approved to provide proposals through the AEPA (association of educational purchasing agencies) contract. This is a competitively bid contract. The District issues a purchase order to KCDA for the proposal amount, KCDA verifies that the line items and contract specs are met, then issues a purchase order to the contractor.

Please place this on the **Consent Agenda**, for the Board of Directors Meeting, scheduled for June 25, 2015.
