

**Staff and Student Recognition
North Kitsap Board Meeting**

Recognition
North Kitsap School Board Meeting

April 12, 2018

The North Kitsap School District Board of Directors recognizes the outstanding achievements of our students and staff during this portion of the meeting.

April is National School Library Month

This month we celebrate our school library programs and the librarians that provide teachers and students with materials that will encourage growth and knowledge. School librarians are integral to the instructional program of each school, providing the leadership and expertise necessary to teach the skills of locating and using information through traditional resources and new technologies, providing literature appreciation activities, and guiding and encouraging content and recreational reading to every student.

Lifelong learning begins and is systematically developed through the school library curriculum of elementary and secondary schools, ensuring that students and staff are effective users of ideas and information. Our school libraries provide materials that meet individual needs, varied interests and ideas, abilities, backgrounds, and are welcoming places for students explore.

Thank you to our librarians in North Kitsap.
