

North Kitsap School District

A Great Place to Live & Learn | www.nkschools.org

Meeting: May 10th, 2018

Category: Action

Subject: Curriculum Purchases

Goal(s): I. Success for All Students A. Deliver instruction aligned to standards, B. Use instructional strategies to maximize student engagement and learning, D. Provide a variety of opportunities to meet the diverse needs of all students.

Budget Implication: Estimated total of \$400,000 from 2017-2018 budget

Subject Areas to be Addressed:

- Social Studies - Coming June 14th
- Math - **\$78,891 (PO attached)**
- World Language - **\$66,952 (PO attached)**
- Health
- AP Science and Math Courses

Summary: The request is to authorize up to \$400,000 of curriculum purchases, beyond the originally allocated amount for curriculum in the 2017-18 budget.

Throughout the last decade, budget reductions have occurred. When possible, staffing and programs that directly affect students have been preserved, while materials have been sacrificed. Many curricula are significantly out of date currently. Where up-to-date materials are in place, access is a major problem. There are sometimes not enough books to allow students to take copies home. Some catch up has occurred in recent years. The above list will enable the district to be fully caught-up with purchases that are overdue, and to get back onto a predictable review and adoption schedule, based on an 8-year rotation for each core area. The next major adoption area will be science.

Recommendation: Approve the request, including math and world language for board action
