Our Goal for each Community Meeting

Points we hope to make

We just want to build understanding...

What's next? After presenting to the community...

How can the community help?

What do we want to bring to each Community Meeting?

Handouts of questions

Clipboard—be sure to take names down of any interested community member.

Have a list of committees open in the district...maybe some community members would like to join

Other considerations for meetings at various locations

We will need projector, screen, Wi-Fi?

How long will our presentation be? How much time do we want to give?

Answer Garden as a tool? Decision was to table this idea for now.

Getting Out to the Community

In the ONE NOTE Notebook, we added a table in the Community tab. This tool can be used to plan meeting dates—maybe move this table to its own tab?
